LinkedIn: <https://www.linkedin.com/in/aiswarya-kotharambath-073a52184/>

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 5+ years of experience designing and developing scalable, responsive, and high-performance web applications using React.js, Next.js, Angular, and TypeScript. Experienced in building reusable UI architectures, integrating APIs, optimizing application performance, and collaborating with cross-functional teams throughout the software development lifecycle. Strong problem-solving, communication, and stakeholder management skills with a proven ability to translate business requirements into user-centric solutions. Available for immediate joining and open to relocation.

TECHNICAL SKILLS

Frontend Technologies : React.js , Next.js , Angular ,TypeScript, JavaScript (ES6+), Redux

UI & Styling : HTML5 , CSS3 , Tailwind CSS , Material UI , Bootstrap ,Storybook

APIs & Tools : REST APIs , Git , Docker , GitLab CI/CD

Testing : Jest , Jasmine , Karma

Methodologies : Agile/Scrum , Responsive Design , Accessibility (WCAG) , Performance Optimization ,Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Software Engineer

Impelsys Private Limited | Bangalore, India

June 2019 – December 2024

Adaptive Learning Platform

- Developed and maintained enterprise-grade web applications using React.js, Next.js, and TypeScript.
- Built reusable and scalable UI components that improved development efficiency and ensured design consistency across products.
- Collaborated with product managers, designers, and backend engineers to deliver user-focused features aligned with business objectives.
- Participated in requirement discussions and translated functional requirements into scalable

frontend solutions.

- Integrated REST APIs and GraphQL services to support dynamic and real-time application functionality.
- Improved application performance and reduced page load times by 40% through code splitting, lazy loading, and frontend optimization techniques.
- Implemented responsive and cross-browser compatible user interfaces for desktop and mobile platforms.
- Troubleshoot and resolved complex frontend issues in collaboration with QA and product teams.
- Conducted code reviews and maintained high code quality standards through testing and best practices.
- Contributed to Agile ceremonies including sprint planning, estimation, reviews, and retrospectives.

Technologies:

React.js, Next.js, TypeScript, Redux, Tailwind CSS, Storybook, REST APIs, GraphQL, Jest, Docker, GitLab CI/CD, AWS

Neonatal eLearning Platform | Angular

- Developed responsive and accessible user interfaces using Angular, HTML5, CSS3, Bootstrap, and Angular Material.
- Collaborated with stakeholders and team members to implement new features and enhance user experience.
- Gathered and clarified requirements to ensure accurate feature implementation and successful project delivery.
- Optimized frontend rendering performance and reduced response latency by 30%.
- Integrated REST APIs and maintained existing application modules.
- Improved accessibility compliance and mobile responsiveness across the platform.
- Participated in debugging, testing, and production issue resolution.
- Worked in a fast-paced Agile environment while managing multiple priorities and deadlines.

Technologies:

Angular, HTML5, CSS3, Bootstrap, Material UI, REST APIs, Jasmine, Karma, Docker

EDUCATION

Bachelor of Engineering – Computer Science & Engineering
LBS College of Engineering, Kasaragod, India
2013 – 2017

ADDITIONAL INFORMATION

- Visa Status: Open to relocation / Immediate availability
- Languages: English (Fluent), Malayalam (Native), German (A2)
- Nationality : Indian
